1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The following changes have been made to the subject application:

Claim 11:

Line 13: "terminals" has been changed to --at least one terminal--.

Claim 12:

Line 12: "terminals" has been changed to --at least one terminal--.

The changes have been made to be consistent with the recitation of at least one terminal in lines 8-9 of claim 11, and line 8 of claim 12 in order to place the application in a condition for allowance.

2. The following is an examiner's statement of reasons for allowance: the amendment filed 8/13/2004 has overcome the technical deficiencies and the prior art of record. The prior art of record fails to teach or fairly suggest a first feedback switch, an inverter and a second feedback switch and the connection recited in lines 15-25 of claim 1. Therefore, claims 1-17 are presently allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
